GOVERNMENT OF INDIA
COAL
LOK SABHA

UNSTARRED QUESTION NO:3054
ANSWERED ON:17.12.2015
Supply of Coal to Companies
Kamaraaj Dr. K.

Will the Minister of COAL be pleased to state:

GOVERNMENT OF INDIA
MINISTRY OF COAL
LOK SABHA
UNSTARRED QUESTION NO. 3054
TO BE ANSWERED ON 17.12.2015

Supply of Coal to Companies

3054. DR.K. KAMRAJ:
Will the Minister of COAL be pleased to state:
(a) the details of quantum of coal demanded/supplied to the domestic industries/small scale industries in the country during each of the last three years and the current year, Company/State-wise;
(b) whether Coal India Limited and allied companies are able to meet the demand; and
(c) if not, the reasons therefor along with the action taken/proposed to be taken by the Government in this regard?

ANSWER
MINISTER OF STATE (I/C) IN THE MINISTRY OF COAL, POWER AND NEW AND RENEWABLE ENERGY
(SHRI PIYUSH GOYAL)
(a)to(c): During the process of formulation of Annual Plan, overall coal demand of the country based on sector-wise consumption is assessed. The assessment of demand and supply plan is not made State-wise. All India demand vis-a-vis supply during the last three years and supply plan for current year is given in the table below:

All India Coal Demand vis-a-vis Coal Supply (in Million Tonnes)
Year All India Coal Demand Supply of Indigenous Coal Supply of Imported Coal Total all India Coal Supply
2012-13 772.84 567.60 145.79 713.39
2013-14 769.69 572.48 166.86 739.34
2014-15 (Provisional) 787.03 608.21 212.10 820.31
2015-16 (Supply Plan) 910.00 699.97 210.03 910.00

State-wise and company-wise despatchesof raw coal in the last three years is at theAnnex.

The medium and small scale industries whose requirement is less than 4200 tonnes per annum are required to take coal through State Nominated Agencies(SNA),for which eight million tonnes of coal is earmarked per annum, for distribution to medium and small scale industries. The earmarked quantity of eight million tonnes is divided amongst various States/UTs depending on past trends and demand of the State Government.

The reasons for gap in demand and supply of indigenous coal in the past include limited availability of requisite quantity and quality of indigenous coking coal and constrained growth in indigenous coal availability, operational constraints in coal transportation by intermittent law and order problems in major coal bearing states of Jharkhand and Orissa.

CIL has taken various steps to increase the production in order to bridge the gap between demand and supply. These include identification of new Mines / projects to produce about 908.10MT by 2019-20, modernization of mines through high capacity equipment, expanding exploration, expediting obtaining EC/FC etc. to further plan for increased production to achieve the production target of 1 billion tonnes by 2019-20.
To facilitate evacuation, CIL has undertaken three major Railway infrastructure projects to be executed by SPVs with Indian Railways in growing coalfields of South Eastern Coalfields Limited (SECL), Mahanadi Coalfields Limited (MCL)& Central Coalfields Limited(CCL).
